

STEELE FIRE APPARATUS

Proposal

07/15/09

<p>Olney Volunteer Fire Department Olney Texas</p>

Steele Fire Apparatus appreciates the opportunity to offer this proposal. We are very interested in meeting your needs and requirements for this small rescue truck. Below are listings of some of the specifications we offer in this proposal.

Body

11-foot utility style steel body custom built with 8-inch step-up rear bumper with aluminum tread bright covering.
Body to have roll up doors on both sides with LED lighting.
The compartment behind the cab will go all the way through.
There will be two compartments over the wheels one each side.
The compartments behind the wheels on both sides will have two adjustable shelves in each one. The bottom is to be left open for Jaws pump and generator. There will be a slide out for the jaws pump and generator.
Painted to match the cab
Radio antenna and light bar mounted on roof of truck
The truck will have a 4" wide gold striping.
Mud flaps to be installed at rear tires.
Build mounting brackets for extra equipment.

Electrical

Four Akron Scene lights one mounted on each side of the apparatus at the front and the rear of the body
There will be an Able 2 LED light bar,
Eight red Nova warning lights, 2 front, 2 side front, 2 mid-ship, 2 rear
Carson siren and speaker
Back-up alarm
Custom built consol for radio, siren, switch equipment
Generator size is 21" deep x 24" long

STEELE FIRE APPARATUS

Proposal

Skid Unit

300-gallon poly water tank made by Plas-Mac
Hale HPXB200-B18 with lighted control panel
Hannay Hose Reel (EPF4038-17-18) with 100 foot of 1" hose
One 2" tank fill/circulate valve
One 3" tank to pump suction valve, with provision for drafting.
One separate line tank fill

Delivery will be to your department and will be made approximately 120 days after receipt of the water tank in our shop.

Terms of payment are **NET ON DELIVERY**, unless otherwise stated.

This proposal shall expire unless accepted within 45 days after the date set above. This expiration date may be extended, in writing, at the discretion of Steele Fire Apparatus.
